

Dr. Anurag Jain (Director REC, Bhopal)

Dr. Anurag Jain is one of the best faculty of computer science and engineering in Radharaman Group of Institutions (RGI). He has done M.Tech and followed by his PhD. in information Technology in network security at Rajiv Gandhi University Bhopal. Dr. Jain joined the faculty of RGI in 2005, rising to the rank of Associate Professor by 2009. In 2005, Dr. Jain becomes Head of the Department of computer science and engineering, after 18 years of experience, he took his current position as Director, Radharaman Engineering College (REC) Bhopal.

However, today we are here to recognize Dr. Jain's outstanding talents as a teacher and mentor. He has organized and attended several national and international conferences; published 180 international and national journal papers. He has been granted two International Innovation Patents (Australia) and also filed three national patents with the Indian patenting authority. He has published a book of Basic Computer Engineering. He is a life member of CSI (Computer Society of India) and ISRS (Indian Society of Remote Sensing Membership).

Those students lucky enough to take classes from Dr. Jain have always been amazed by his ability to make even the most complex concepts understandable. He has guided more than 70 students for their M.Tech dissertation and currently guiding four PhD students. He is widely sought after as a lecturer and is always willing to mentor students, even when they are not his own students! He has often been known to spend hours at research meetings helping students of RGI to understand his knowledge. Dr. Jain has trained many students as successful software engineers in his till date career.
