

National Conference

On

**“Emerging Trends in Technologies
Compatible with Sustainable Development
Goal: A Humanity Centric Approach”**

(NCETTCSDG-2020)

22nd Feb 2020

Organized by

**Radharaman Group of Institutes,
Bhopal (M. P.)**

ABOUT RGI

Radharaman Group of Institutes functions under the umbrella activities of Typasya Shiksha Samiti (TSS). Since 2003. Two technical institutes, two pharmacy institutes and two management programs have been launched by TSS. Several times this group has been bracketed amongst the top 10 institutes of central India by various organizations and magazines. RGI has won many laurels- best emerging institute award, best placement award etc.

RGI is a self- financed educational organization which was established in the year 2003 by Tapasya Shiksha Samiti and Ex- Professors of **Maulana Azad National Institute of Technology, Bhopal** to provide quality education in the field of Engineering and Technology. **Both PG and UG courses of the institute are approved by AICTE and the technical courses are affiliated to Rajiv Gandhi Technical University (RGTU) and MBA to B. U., Bhopal, M.P. RITS was declared as ‘A’ grade institute by Justice Dwivedi committee.** In a short span of 17 years the group has earned good reputation by becoming a premier technical institute of the region with state of art infrastructure, faculty and educational and research facilities.

OBJECTIVES OF THE CONFERENCE

This conference is being organized to provide a unique opportunity for exchanging innovative ideas and current trends of scientific research and technological achievements in the institutions of higher learning for the benefit of society. The conference is intended to attract individuals who are actively engaged both in theoretical and practical aspects of emerging technologies in various areas. The goal is to provide a platform for useful interaction about scientific research and technological achievements between academicians and practicing engineers and to foster the cross-fertilization of ideas in the frontiers areas as well.

THRUST AREAS OF CONFERENCE

The Conference is open to all the disciplines of engineering, management, pharmacy, diploma, social science and health sciences topics.

PAPER SUBMISSION

Authors are invited to submit their manuscript(s) in MS Word format in single column in Times New Roman font of size 11 with a maximum limit of 8 pages in A4 size paper (including illustrations, tables, graphs etc.). In addition, one page abstract of the paper (approx. 300-400 words) should be submitted along with complete technical paper. The paper submission will be handled electronically and would be peer reviewed by the technical review committee. Please submit your paper at ncettcsdg2020@gmail.com, pronabkul@gmail.com. Author(s) are requested to submit softcopy of the papers.
